

Energy Sector Education and Training Authority

The following Qualifications have been reviewed, developed and registered/re-registered with SAQA and the Learnerships were amended, developed, registered/re-registered with DoL and Skills Programmes with ETQA.

WATER

TITLE	SAQA ID	STATUS	LEARNERSHIPS	STATUS
1.FET: Water & Wastewater Reticulation NQF Level 2	60169	Registered	1.National Certificate in Water Reticulation NQF Level 2 2.National Certificate in Waste water Reticulation NQF Level 2	Developed Developed
2.FET: Water & Wastewater Reticulation NQF Level 3	60155	Registered	1.National Certificate in Water Reticulation NQF Level 3 2.National Certificate in Wastewater Reticulation NQF Level 3	Developed Developed
3.FET: Water & Wastewater Reticulation NQF Level 4	60189	Registered	1.National Certificate in Water Reticulation NQF Level 4 2.National Certificate in Wastewater Reticulation NQF Level 4	Developed Developed
4. FET: Water & Waste Water Treatment Operation NQF Level 2	58951	Registered	1.National Certificate in Water Treatment Operation NQF Lev 2.National Certificate in Wastewater Treatment Operation NQF Lev 2	Developed Developed

5. FET: Water & Waste Water Treatment Operation NQF Level 3	60190	Registered	1.National Certificate in Water Treatment Operation NQF Level 2 2.National Certificate in Wastewater Treatment Operation NQF Level 3	Developed Developed
6. FET: Water & Waste Water Treatment Operation NQF Level 4	61709	Registered	1.National Certificate in Water Treatment Operation NQF Level 4 2.National Certificate in Wastewater Treatment Operation NQF Level 4	Developed Developed
7.FET: Community Water, Health, Hygiene & Sanitation Promotion NQF Level 2	61689	Registered	1.National Certificate in Community Water, Health, Hygiene & Sanitation Promotion (General) NQF Level 2 2.National Certificate in Community Water, Health, Hygiene & Sanitation Promotion (Sanitation Builder) NQF Level 2	Developed Developed
8.FET: Community Water, Health, Hygiene & Sanitation Monitoring NQF Level 3		To be submitted to SAQA	1.National Certificate in Community Water, Health, Hygiene & Sanitation Monitoring (Sanitation Builder) NQF Level 3	Developed

			2.National Certificate in Community Water, Health, Hygiene & Sanitation (General) Monitoring NQF Level 3 3.National Certificate in Community Water, Health, Hygiene & Sanitation Monitoring (SMM) NQF Level 3	Developed Developed
9.FET: Community Water, Health, Hygiene & Sanitation Facilitation NQF Level 4	61669	Registered	1.National Certificate in Community Water, Health, Hygiene & Sanitation Facilitation (Operation & Maintenance) NQF Level 4 2.National Certificate in Community Water, Health, Hygiene & Sanitation Facilitation (Educator) NQF Level 4 3.National Certificate in Community Water, Health, Hygiene & Sanitation Facilitation (NVC) NQF Level 4 4.National Certificate in Community Water, Health, Hygiene & Sanitation Facilitation (General) NQF Level 4	Developed Developed Developed Developed

SKILLS PROGRAMMES

1. Water & Wastewater Reticulation suit of Qualifications
 - 14 Skills Programmes have been developed.
2. Water & Wastewater Treatment Operation suit of Qualifications
 - 12 Skills Programmes have been developed
3. Community water, Health & Hygiene Sanitation suit of Qualifications
 - 16 Skills Programmes have been developed

They will be registered by the Energy SETA ETQA.

By 2008/9 fiscal year, the Energy SETA will embark on the generation of new **Unit Standards** and the Development of new **Qualifications on Scarce & Critical Skills** as identified in the approved **Sector Skills Plan** by DoL

MATERIAL DEVELOPMENT

1. The Energy SETA will collaborate with DWAF in the development of **Water qualifications materials**.
