- 8 WIN Lesson Series (**asset management, water quality, WC/DM, Waste Water treatment- layout and design stage**)
- 4 Field notes (sustainability pillars i.e. HIV/AIDS, GM)
- Learning Journey: Northwest WCDM
- Forum: Peer Review (Amatole), Research & Workshops

Documentation of WfGD Lessons Shared at

roundtable discussion- local and international experts

Key achievements

Exhibitions:

- IMESA Conference in Bloemfontein,
- North West WCWD Learning Journey, and
- International WASHE Practitioner's Fair in Bangladesh

Strategic Assessment for Repositioning of WIN-SA

Approval of new strategy by **SAC**

Challenges encountered & action taken

Review of WIN:

- Value of WIN products i.e. newsletter, field notes, portal (relevancy of content, frequency and dissemination strategy)
- Strengthening the WIN Network (lack of sector ownership)
- Capacity of WIN Unit

Actions:

- New 5 year Business Plan – WFGD and IMC

Ideas for improved inter & intra sector collaboration

New Model of Modus Operandi:

- Building a body of knowledge through topic hubs
- Deepening and extending outreach
- Plug in and Entrenching synergy
- Networking
- Safe guarding the autonomy

Strengthening collaboration between WSIPs

(complement and fill gaps)
