

PROPOSED STATEMENT OF INTENT : WATER SECTOR REGULATIONS 29 OCTOBER 2008

PRIMARY REASONS

- Raise awareness on the intention to regulate in the short term
- Compliance, Monitoring and Enforcement at all levels
 - Protect the pollution of the Water Resources
 - Protect the health and well being of the Citizens
 - Clamp on illegal users of waters (WR/WS)

- **AREAS OF FOCUS**
- Drinking water quality and drinking water quality management.
- Wastewater discharge quality and wastewater discharge quality management.
- Contracts and other mechanisms for accountability between water services authorities and water services providers.
- Compliance with Tariff structure (Pricing)
- Water Allocation (Licensing)

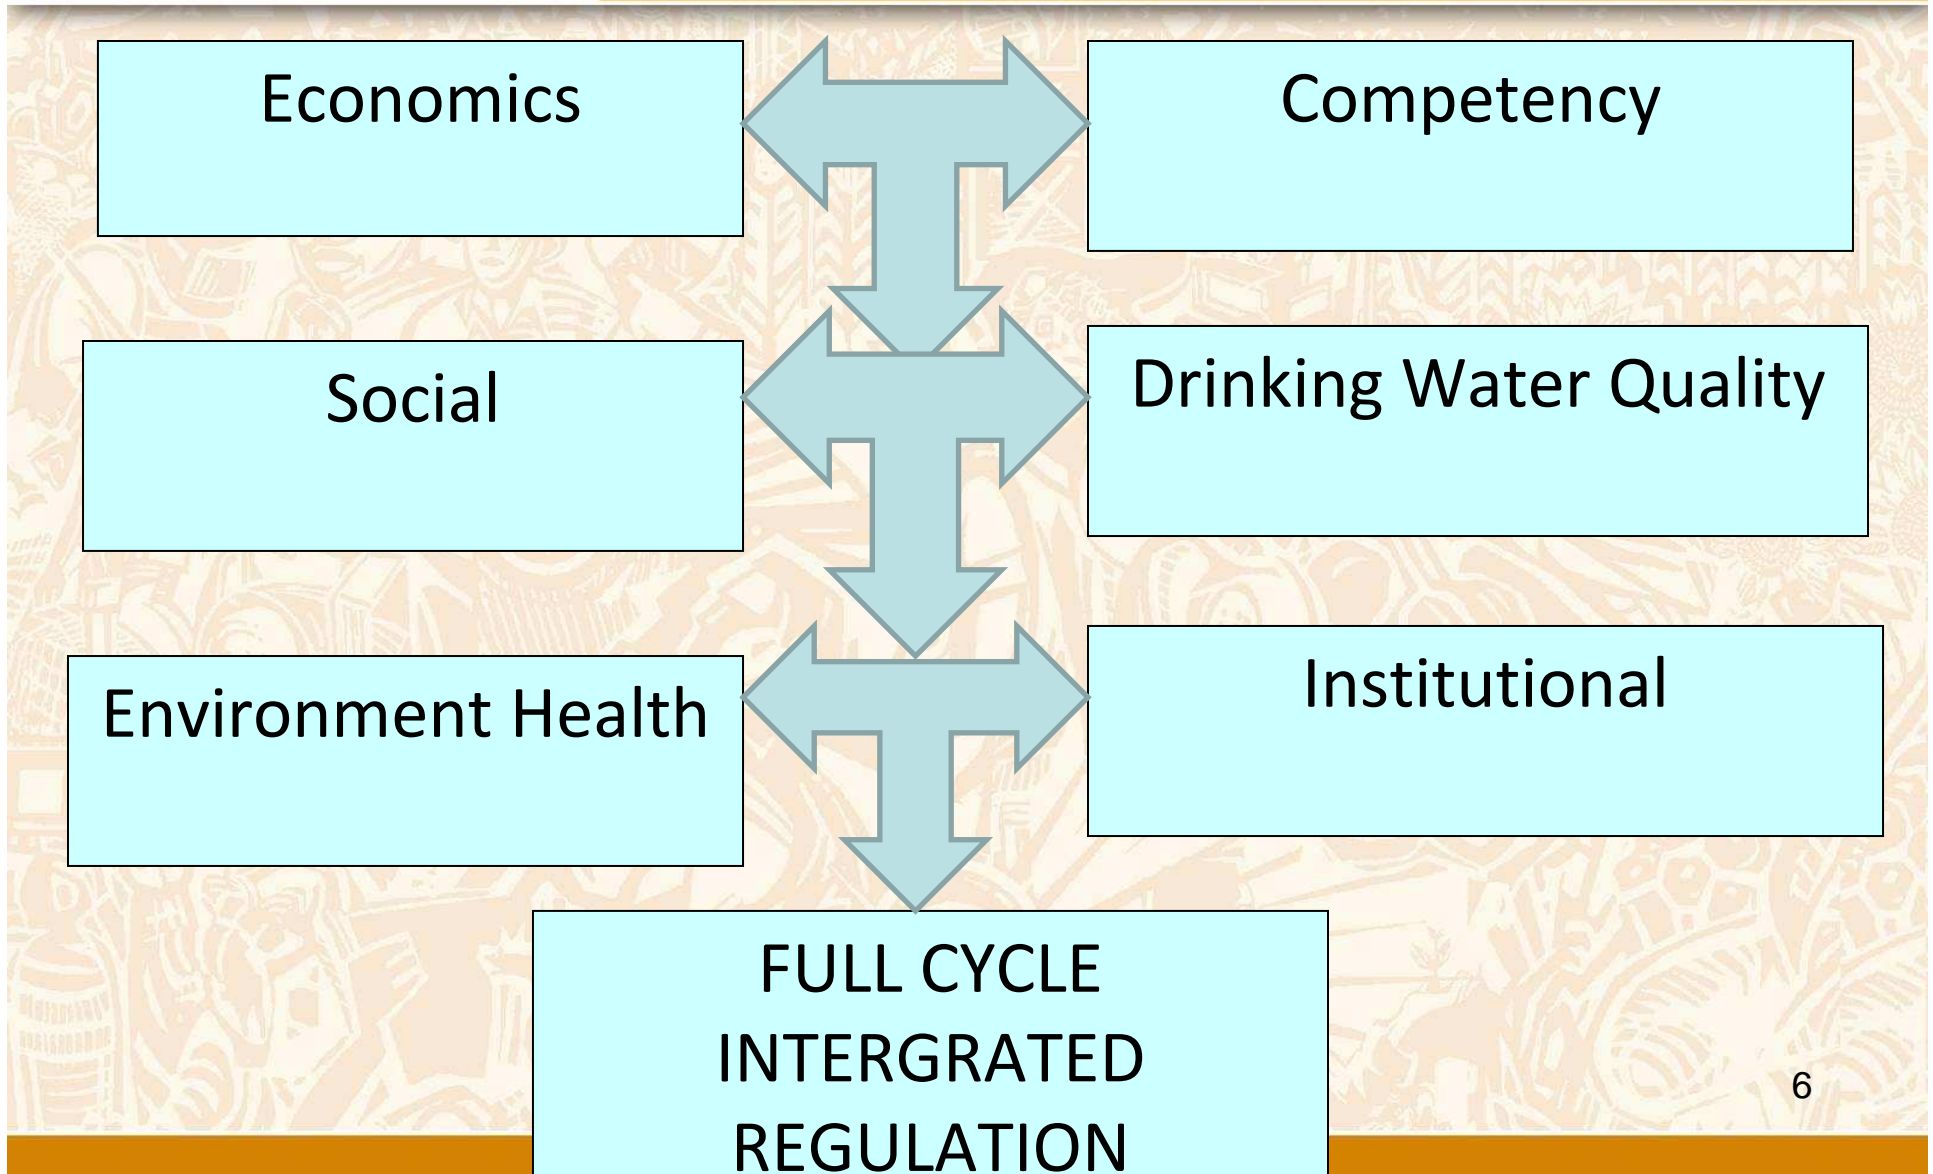

- Press Statement by Minister and Chairperson of SALGA
- Communication “strategy” on the press statement
- Use the existing call center to log calls
- Develop an action plan and programmes for support (utilise existing support structures where applicable)
- Secure funding to implement the action plan
- Monitoring and evaluation of the implementation plan

ACTIONS

- Release the Statement
- Communication “strategy”
- Support Programmes to be in place

THANK YOU
